The Court reviewed the Joint Discovery Status Report filed at ECF 112. Custodians have been identified by TSA but there are a large number. DEA is still reviewing, but has 90 at present. Defendants believe that the large number of custodians will result in too cumbersome of a search. Plaintiffs are open to statistical sampling.

Plaintiff's proposal for additional searches is still in discussion as are the proposed ESI search terms. The parties ask to reserve these issues for further discussion with the Special Master.
